Notes	<p>(1) Special baggage acceptance and transportation must meet the relevant standards of the Passenger Baggage Transport Service Manual, otherwise it must be transported as goods.</p> <p>(2) Special baggage excluding free baggage allowance. Piece-by-piece charging standard: only by weight, according to the actual weight of excess baggage charges (the amount of charges is detailed in the table).</p> <p>(3) Special baggage not listed in this Standard can be calculated with ordinary checked baggage. The excess part is charged according to the ordinary excess baggage standards (Details in Annex 3).</p> <p>(4) Limitation on the number of checked baggage: There is no limit on the number of checked baggage per passenger (including ordinary baggage and special baggage). If each passenger needs to check over 7 pieces above the ticket allowance and the Member rights (including ordinary baggage and special baggage), he or she must apply to the business department/terminal in advance, he or she must first apply to Air China office/terminal, and can check only if the flight capacity permits such check in. At the same time, Air China does not promise that the above baggage and passengers will arrive at their destination on the same plane. Offices/Terminals, please do a good job of passenger communication.</p>
